Giulio Giamello

Siena, Italy
giuliogiamello@gmail.com

I'm a physics master student mainly interested in particle physics, quantum field theory, coding and machine learning.

PERSONAL DETAILS

Nationality: Italian
Birthdate: 05/08/2001
Birthplace: Poggibonsi (SI)

LANGUAGES

Italian
Mother tongue
English
"First" B2 English (Grade B) certificate Cambridge University Press & Assessment, Issued Jun 2024

SKILLS

CODING

Intermediate
Python • C/C++ • ROOT (CERN)
Basic
Matlab

DOCUMENT EDITING

LaTeX • Microsoft Office suite

OPERATING SYSTEMS

Windows • Linux (Debian, Arch)

PERSONAL IMAGE

EDUCATION

UNIVERSITY OF SIENA | PhD

Nov 2026 – Present | Siena IT

- PhD in particle physics with specific focus on neutrino physics: events simulation and reconstruction

// University of Siena
- // INFN Pisa – Gruppo Collegato di Siena: PhD school in Experimental Physics
- // Physics department

// Hyper-Kamiokande Experiment

Currently working with the INFN Siena group on the multi-ring fiTQun reconstruction problem for the Hyper-Kamiokande experiment.

IMAPP JOINT MASTER | Master's Degree

Sep 2024 – Sep 2026
Clermont-Ferrand FR, Dortmund DE, Bologna IT, Pisa/Siena IT

- International Master on Advanced methods in Particle Physics
- Grade: 16/20 (FR) | 1.8/5 (DE) | 109/110 (IT)

// IMAPP – Home Page
- // Université Clermont Auvergne
- // Technische Universität Dortmund
- // Alma Mater Studiorum – Università di Bologna

Master's thesis: (download: EN)
"Optimization and performance evaluation of a likelihood-based algorithm for multi-ring event reconstruction in Hyper-Kamiokande"

- Supervisor and reviewer: Prof. Paolo Maestro
- Second supervisor: Prof. Annarita Margiotta
- Second reviewer: Prof. Dr. Kevin Kröninger

This thesis summarizes the scientific study I carried out as part of the group at the University of Siena and the INFN in Pisa involved in the Hyper-Kamiokande experiment, in collaboration with the software and reconstruction group.

UNIVERSITY OF SIENA | Bachelor's Degree

Sep 2020 – Jul 2024 | Siena IT

- Physics and Advanced Technologies
- Grade: 110/110 cum Laude

// University of Siena
└ // Physics department

Bachelor's thesis: (download: IT | EN)
"Application of artificial intelligence techniques to the tracking of charged cosmic rays in the CALET detector"

- Supervisor: Prof. Paolo Maestro

LICEO CLASSICO E. S. PICCOLOMINI | High School Diploma

Sep 2015 – Jun 2020 | Siena IT

- Classical studies
- Grade: 96/100

// Liceo Piccolomini

EXPERIENCE

10th BOLOGNA CLERMONT DORTMUND INTERNATIONAL SCHOOL OF HIGH ENERGY PHYSICS | Member

Mar 17 – 21, 2025 | Cargèse (Corsica) FR

- I was student member of the IMAPP – Spring School 2025
- Standard Model and Beyond Standard Model lectures (i.e. Ulrich Nierste, Angelo Carbone, Emmanuel Stamou, Stephane Monteil)

// IMAPP – Spring School 2025

GALILEO FESTIVAL OF SCIENCE AND INNOVATION

Academy Member

Oct 15 – 17, 2021 | Padua IT

- I was selected for the 2021 Academy of the Galileo Festival
- Science and innovation expert conferences (i.e. Guido Tonelli, Umberto Guidoni, Giorgio Saccoccia, Maria Chiara Carrozza)

// Galileo Festival

PHYSICS SUMMER SCHOOL | Member

Sep 2 – 5, 2019 | Vivo d'Orcia IT

- I was selected for the 2019 Physics Summer School
- Experimental laboratories, solution of question, expert seminars

// Physics Summer School

AWARDS AND HONORS

IMAPP JOINT MASTER | Erasmus Mundus Scholarships

Sep 2024 – Sep 2026 | Clermont FR, Dortmund DE, Bologna IT

// IMAPP – Erasmus Scholarships

LICENSES AND CERTIFICATIONS

MODULE 2 – SAFETY SPECIFIC TRAINING – LOW RISK

Feb 2026 – Feb 2031 | Alma Mater Studiorum – Università di Bologna

// .Bestr Award Credential ID: 16tdC6bXQU-cptW5IMqOjg

MODULE 1 – SAFETY GENERAL TRAINING

Jan 2026 | Alma Mater Studiorum – Università di Bologna

// .Bestr Award Credential ID: brspd3ZKSlqT5tSJ9Lftcw

RAPPRESENTANZA STUDENTESCA E GOVERNO – 2021-2023

Jul 2024 | Università di Siena

// .Bestr Award Credential ID: Dt-3K1HFQRCHvTRgw26zEg
